LOCAL BRIEVITIES

Matters of Minor Moment in and About the City.

Officer Walker arrested George Gould Saturday night for drunkenness.

G. J. Ralston was lodged in the lock-up Saturday by Officer Everett for drunkenness.

The committee on fire department has been called to meet at the city building this evening.

Frank Brown, of Mannington, was run in Saturday night by Officer Michaels on a charge of disorder.

The funeral of the late Rev. William M. Harrison will take place from St. Matthew's P. E. church on Tuesday afternoon at 2 o'clock.

The general charter committee has been called by Chairman Hazlett to meet in the First branch council chamber at 7:30 o'clock this evening.

Saturday at the Riverside iron works, William Gibbs, an employe, caught his hand under a heavy piece of machinery. He was taken to the City hospital, where Dr. Dickey attended him.

Henry Wilson, a vagrant, was run in by Officer Dudley last night. May Martin, of Alley C., was escorted to the lockup by Officer Walker last night for being on the street for improper purposes.

To-night at Turner's hall, North Market street, the local Turners will give an athletic exhibition which will no doubt draw a large crowd. The programme printed in Saturday's Intelligencer will be carried out.

That illustrious fellow citizen, Stephen McCollough, Esq., has been relegated to a rear seat. A man, much younger than Stephen, was seen on the streets yesterday afternoon wearing a straw hat, the first of the season. Stephen has heretofore been the early bird.

The Fulton volunteer fire department has elected the following officers: President, Henry Stein; secretary, A. C. Wagner; treasurer, Henry Roth; chief Joseph Marshall; janitor, Ernest Stien; directors, George Zoeckler, Frederick Weimer, Edward Hamm and Christian Hoffman.

A party of Hungarian miners employed at the Gaylord coal works, two miles above Martin's Ferry, were discharged for cutting some of the rooms thirty feet wide, when the established width is twenty-four feet, for working in other men's rooms and for disobeying orders generally.

The barn of Fred Mahleman on the hill back of West Wheeling, was struck by lightning Saturday morning. The bolt struck the spouting and descended to the ground without doing any damage. It was a narrow escape. Last year Mr. Mahleman had a barn entirely destroyed by fire from lightning.

A still alarm called the fire department to a small blaze at the residence of Joseph Meyers, 1025 Chapline street, Saturday evening. The blaze was easily put out with a hand extinguisher. Early Saturday morning lightning struck the residence of W. A. Wilson, North End; the blaze was extinguished by the Vigilant with small loss.

THE MINERS' CONVENTION

At Columbus this Week—Wheeling will Have No Delegates.

The annual convention of the United Mine Workers of America will be held in Columbus, Ohio, this week, opening on Tuesday, the 14th. There will be large delegations from all parts of the country, but for the first time in the history of the organization Wheeling will have no representatives present. The principal business to come up before the convention will be the proposition to start a defense fund. The wage matter is already practically settled, the Pittsburgh district miners having settled on the seventy-one cent basis. This makes the Ohio rate, which applies to Wheeling, sixty-one cents. There is some talk of a number of the Pittsburgh operators breaking away from this agreement and offering a lower scale to their miners.

An Affidavit.

This is to certify that on May 11, I walked to Melick's drug store on a pair of crutches and bought a bottle of Chamberlain's Pain Balm for inflammatory rheumatism which had crippled me up. After using three bottles I am completely cured. I can cheerfully recommend it.—Charles H. Wetzel, Sunbury, Pa.

Sworn and subscribed to before me on August 10, 1894.—Walter Shipman, J. P. For sale at 20 cents per bottle.

Chamberlain's Colic, Cholera and Diarrhea Remedy.

This is the best medicine in the world for bowel complaints. It acts quickly and can always be depended upon. When reduced with water it is pleasant to take. Try it, and like many others you will recommend it to your friends. For sale at 25 and 50 cents per bottle.

TRADES ASSEMBLY.

A Meeting at Which Much Business was Transacted.

STREET CAR FARE REDUCTION.

An Effort to be Made for Workingmen's Books at a Reduction From the Straight Five-Cent Rate—Reports of Various Committees—The Gas Board Coal Contract—The Vigorous Fight for Union-Made Cigars.

A regular meeting of the Ohio Valley Trades and Labor Assembly was held yesterday afternoon. There was a large attendance of delegates, but business was rushed through, the day being too fine for a long session indoors. President M. F. Tighe and Secretary Thomas V. Salisbury were in the "points."

The following new delegates were admitted and obligated:

Musicians' Mutual Protective Union—William Lewansky, vice J. F. Blumenberg, resigned.

Prosperity Lodge, No. 2, A. A. of I. and S. W.—William Llewellyn and James H. Sheridan, vice William Lewis and Joseph Scott, resigned.

National Brotherhood of Operative Pottery, Local Union No. 6—Albert Kraft, vice C. G. Webster, resigned.

National Brotherhood of Operative Pottery, Local Union No. 23—Nicholas W. Garden, vice T. A. Leyth, resigned.

United Brotherhood of Carpenters and Joiners, Union No. 3—C. W. Mayer, vice G. A. Hall.

Typographia No. 25.—Jacob C. Boes.

The assembly members of the special citizens' committee on city charter reported progress. The special committee on ways and means also reported progress.

The special committee to wait on council and work against an advance in the price of natural gas, made its report, which was to the effect that council had passed the ordinance advancing the price. The report was received and the committee discharged.

The West Virginia legislative committee reported having visited the city gas board in regard to the board's coal contract. The board had agreed to vote against giving the contract to the non-union coal company that last secured it, when coal is again contracted for. The committee reported, also, that the chances are good that the bid of the non-union company will not be accepted. The same committee also reported that it had been at work in an endeavor to have an eight-hour day established in the Wheeling municipal establishments.

The finance committee had nothing to report on account of the absence of the treasurer and chairman of the board of trustees.

The musicians' union introduced a communication regarding the hiring of non-union musicians by labor organizations and by clubs in which labor people are prominent. The musicians asked that only union musicians be engaged in the future. The assembly endorsed the request.

The horseshoers' union reported having effected an organization in which all the shops in Wheeling and the over-the-river towns had been admitted, except five which were named. The union had placed a boycott on these shops and asked the assembly's sanction and co-operation. The matter was referred to the arbitration committee for investigation.

Several communications asking the assembly to endorse boycotts on non-union made goods were considered. The plug tobacco workers of the country appear to be divided into two rival organizations. One of these presented a request that the assembly boycott "Bat the Ace" tobacco; no action was taken on account of the mixed situation.

A number of bills were presented and ordered paid. The secretary said it would be necessary to make provision for the payment of bills. The president and board of trustees were appointed a committee to provide for the payment of the bills.

A delegate brought up a motion providing for the appointment of a committee of five to see the officials of the street railway company and endeavor to have the company issue books or tickets at a reduction from the regular fare, five cents. President Tighe appointed this committee: Messrs. Llewellyn, Morris, Grogan, Riley and Tighe. Delegates spoke of the fact that such books are issued in nearly all cities and that Wheeling is very much behind the times.

President Tighe spoke of the fight of Garfield Assembly Knights of Labor (cigarmakers), against the "scab" product that is used to extensively here in Wheeling. He suggested that the local unions' worst advertisements in the newspapers asking, workmen and the public generally to use union cigars and tobacco.

The statement made in the report of the Trades Assembly meeting of three weeks ago that the coopers of Wheeling made their kegs at eighty-five cents was a mistake. The local union made kegs sell at ninety-five cents.

When Traveling.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver, and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50 cent and \$1 bottles by all leading druggists. Manufactured by the California Fig Syrup Company only.

The Latest but Not the Least

of many modern ideas adopted by the up to date merchants of Wheeling is a free Shoe Shining department. Alexander, the shoe seller, has opened such a department in the rear of his large store and offers to all persons wearing his shoes to keep them in perfect condition as long as they wear them, in so far as cleaning and shining goes. As he will use nothing but the best dressings made he figures that the life of the shoes will be sufficiently increased to pay him for the expense, as a great many shoes he says are ruined by bad dressings. No doubt this will be appreciated by his customers, as every man and woman would like to have their shoes look well, but none of us enjoy the exercise necessary to keep them up to that point. If you are wearing Alexander's shoes stop in, or send them to him for treatment, he guarantees sure cure and nothing to pay.

THE HUB CLOTHIERS AND FURNISHERS.

Boys' Clothes

Complete at last. We'd like to have you take the time to look at the display we're making this season. We've got the largest stock of Boys' Long and Short Pants Suits, Wash Suits, Novelties and Staples in the state, excepting none. Everybody else claims the same thing, but we'll leave it to you to decide if ours isn't four times as large as the largest of the others. We've taken some wonderful strides towards a greater perfection.

Boys' Confirmation Suits,

With Long and Short Pants, in blue or black. Cheviots, Clays or Tricots, made and trimmed in the best possible manner, and you may rest assured that your boy will not only get a perfect fitting garment, but he will get a finer garment for the money than he would were we not here to supply you.

The Golf Combination Suit,

Our Golf Combination Suits—coat, two pair of trousers and cap—\$3 00! What do you think of that? Not as a special, but a regular grade. Nobody has 'em for less than \$4 or \$5. These are indicators to others at \$5 and \$6 75 all along the line.

New Wash Novelties.

The daintiest little creations that were ever offered. We have reminded you already that they're exclusive novelties with us, and must be picked early to secure a choice. Reefer Suits, Brownie Suits, Middy Suits, Sailor Suits. A half hundred special styles of our own showing.

The Facility Blouse Suit

Has proved to be the greatest invention ever patented in the children's clothing trade. Made in numerous styles of washable and woolen goods, it is the healthiest garment made, because all weight is suspended from the shoulders, allowing free muscular development. Buttons can never come off. We are exclusive agents for them in this city. Pleased to show them to you.

Our line of Children's Reefer Suits, with extra large collars—the most complete line ever shown. The combined stocks of all other dealers in the city could hardly produce as many exclusive varieties. You will do your little one an injustice if you do not look at our line before fitting him out.

Call this week by all means, as our stock is new at the top notch of variety.
